

TULSA HAS CHANCE TO GET BIG SCHOOL

Two Members of Methodist Episcopal Commission Are Anxious to Have College Here.

The educational commission of the Methodist Episcopal church, south, met for the first time Monday at Sapulpa. The commission has in charge the locating of a college at some strategic point in Oklahoma. This enterprise is one of the most substantial of any similar enterprise of the denomination in the state. The entire church is behind the founding of an "A" grade college in this section, and will make an initial donation of at least \$200,000 in addition to the general offering of the people of the state. This half a million dollars will come from every state in the union where the denomination has work.

The campaign put on in Oklahoma since the \$1,000,000. The city that offers the best inducement will get the school. It is expected that no offer will be made until the year 1920, when the school is to be built. The tract of land on which the school is to be built must be of at least five acres and if the land offered is in any respect remote by a distance of a mile or more from the city making the offer, more land must be included in the offer.

Interest already is being manifested in Oklahoma City, Muskogee and Tulsa. Two members of the commission are Tulsa, the Rev. C. C. Davis and Horace G. Barnard, and they both attended the recent meeting of the commission. There are but two other members in east or Oklahoma.

DECRYER OF FLAG BEATEN

Illinois Man Turned Over to Officers After He Assaults Banner.

CHICAGO, Nov. 11.—William Armit, a laundry worker of Waukegan, Ill., started celebrating armistice day in Waukegan by shouting "the hell with the American flag." It is a rather big flag. His audience after several hours turned him over to United States Deputy Marshal T. H. Healey, who brought Armit to Chicago where he is held charged with violating the espionage act.

Should a bride kiss her husband on the wedding night? See Alice Brady in her new picture, "His Wedding Night," at the Rialto today. It's a knockout!—Adv.

IF IT'S AT THE GRAND — IT'S GOOD —

Making Motherhood Easier

Happy Days Follow The Flight of the Stork

SO profound is the effect which the unborn infant has upon the mother that she may be said to tingle to her very finger tips.

The conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being for a woman. Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.

Under all normal internal conditions, women who use Mother's Friend need have no apprehension about the ultimate results of maternity. On the contrary, the period of duration in expectancy will be one of joyful anticipation; a looking forward to the wonderful event in perfect serenity.

USED BY THREE GENERATIONS

"My mother used Mother's Friend before I was born 26 years ago and my birth was practically a painless one," writes one enthusiastic mother. How very natural then that her own mother, whose experience had unquestionably proven the virtue of Mother's Friend would have her daughter enjoy the same benefits.

SHOP TALK TAKES TIME OF TULSAERS' BANQUET

Shop is the greatest topic between business men, and when two sets of men whose relations are so closely allied as the members of Purchasing Agents Association and Tulsa right meet at the banquet table the exclusive subject is shop.

The purchasing agents were hosts last night to the members of the Tulsa and Tulsa right meet at the banquet table the exclusive subject is shop.

Tom J. Murray, county attorney, Mr. McQuinn of Midco, Inc., Mr. Miller of Coudon & Co., President Harrison of the Tulsa Club, Mr. Harkins, Jr., of Church and Mr. Williams were among those who spoke. O. H. Gordon of Tulsa Oil Co. was toastmaster.

FLO ZIEGFELD, JR. WANTS MILE. PHOEBE

Famous "Follow" Producer After Ivan Bankoff's Star Dancer.

Mile Phoebe, the sensational young classic dancer who appears with Ivan Bankoff as the headline attraction on the new bill at the Orpheum theater tomorrow, is being eagerly sought by Flo Ziegfeld, the famous New York producer.

Mile Phoebe has received several telegrams from him since her arrival in Tulsa two days ago, offering flattering terms if she will cancel her road engagements and return to New York to join the "Follows."

Mile Phoebe is only 17 years old, but has created a sensation in big-time houses everywhere she has appeared. She is said to be not only a marvel of grace but her dances are entirely new and different from anything ever offered by a classic dancer.

She is the star performer with Ivan Bankoff, the noted Russian dancing artist, who is said to be the only rival of Kiroff, and by many considered Kiroff's superior. Bankoff co-starred with the brilliant Pavlova on her first American tour.

Marie Stoddard, one of big-time most popular singing comedienne, and Van and Carrie Avery are two other headline attractions on the new bill tomorrow. Van Avery is the original blackface "Rastus." Two other good acts and Orpheum News will make tomorrow's show stand out for its excellence.

OF NEW ORLEANS LTD.

Learn the Cause of Decay

Dental science has now traced most tooth troubles to a film. To that slimy film which you can feel.

That is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

The film is clinging. It enters crevices and stays. No ordinary tooth paste can dissolve it. A soapy tooth paste makes it more viscous.

So, despite your brushing, much film stays. Night and day it does its damage. It is the great tooth wrecker.

Science now has found a way to combat that film. The fact has been proved by many clinical tests. The method is now advocated by leading dentists everywhere.

For daily use it is embodied in a dentifrice called Pepsodent. And we are mailing 10-Day Tubes so that every home may try it.

Do This and See

We urge you for your own sake to write for this 10-Day Tube. See the results for yourself.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin must be activated, and science has discovered a harmless activating method. The usual method is an acid, harmful to the teeth, so pepsin long seemed impossible. Now everyone may apply it, morning, noon and night. And the evidence is that this invention brings a new dental era.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare results with the methods you use now. Then judge for yourself what is best. Cut out the coupon now.

Society Brand

CLOTHES FOR YOUNG MEN AND MEN WHO STAY YOUNG

Style Is Harder to Get Than All-Wool

There would be no distinction for Society Brand Clothes if their only virtue was all-wool. Any maker could give you this if he wished. But style is a matter of creative designing and careful, costly workmanship.

Because Society Brand tailoring excels in originality of designing and methods of hand-workmanship, they are the criterion of correct style—style that is inbuilt to last as long as the fabric.

With the varied grades of clothing flooding the market, look for this label as your guide. Go to Style Headquarters.
